This was update for WANTAGE PIZZARIA

WANTAGE PIZZARIA - Apps on Google Play

Wantage Pizzaria app, they changed the store name.

I can see you have created new app, and old app is still there. It should go as update to old users.

@mithu22

you can ignore area names use only store name if it is too long and add area names into app tags, so when user search with area name it will come up.
